

January 2021

Dear Parent,

Real OT Solutions is developing a cursive companion to the Size Matters Handwriting Program, a proven and practical approach to teaching printing.

We believe this will be a game-changing and welcomed complement to your school's curriculum. While building on the Size Matters core concepts that expedite children's leap into legible writing, SMHP Cursive promotes inclusive, responsible and charitable citizenship. Each practice page introduces vocabulary and themes about disability awareness and acceptance in kid-friendly narratives. This is followed by age and grade-level appropriate discussion topics and questions.

But there's more!

The book will be illustrated by exceptional children.

With 62 letters needing original artwork, we launched an Art Contest. Winning entries will be credited in the book, 'hung' in our virtual online Art Gallery, and awarded a prize. \*

Clearly, permission is needed by you, the parents or guardians. Please check those boxes to which you agree.

Our child *(insert name)* \_\_\_\_\_ has permission to submit artwork created by him/her to Real OT Solutions for use in their cursive workbook.

Our child *(insert name)* \_\_\_\_\_ does not have permission to submit artwork created by him/her to Real OT Solutions for use in their cursive workbook.

Our child's name may be included in credits as: *(insert either full name or initials)*  
\_\_\_\_\_

Our child's age and grade may be listed as: \_\_\_\_\_

Our child's diagnosis may be included as: \_\_\_\_\_

Please sign below and return this signed form to [julia@realOTSolutions.com](mailto:julia@realOTSolutions.com).
